

See The Difference

DS-2114ATS-LNT™ (114mm Altazimuth Reflector)

REFLECTING TELESCOPE

New Product Enhancements for 2007

- New generation II DS-2000 mount
- New advanced field tripod for a solid observing platform
- Oversized declination lock knob with fast locking grip
- Enhanced SmartFinder with multi-coated optics

The DS-2114ATS-LNT is a fully GoTo telescope. It's onboard computer knows the night sky. After a short alignment procedure, your telescope will be ready to take you on a tour of the universe. You will see more objects in one night than Galileo saw in a lifetime. See planets like Saturn and Jupiter, star clusters, nebulae, galaxies and more.

- **Large 114mm Aperture**

Captures more light for brighter images and greater detail

- **Two Premium 1.25" Super Plössl Eyepieces**

For superior long eye relief and an expansive wide visual field

- **Automatic Alignment + SmartFinder™**

Electronic level sensor, electronic magnetic north sensor, high precision internal clock and red dot projection finder all work together to get you aligned with the heavens

- **AutoStar Suite™ Astronomer Edition**

Amazing planetarium software and Instructional Video will teach you the night sky and how to use your telescope

- **Assembles in Minutes**

Includes everything you need to explore your universe

A first look at the rings of Saturn or the craters of the Moon can inspire a lifetime of exploration. Go to any star party anywhere in the world and you'll see more Meade telescopes than any other.

Red Dot Finder with LNT™

Electronic Red Dot finder scope makes locating objects quick and easy.

#494 AutoStar® Controller

Automatically locates and points the telescope to over 1400 celestial objects at the push of a button.

SPECIFICATIONS

Model / Part#	DS-2114ATS-LNT / 20125
Optical Design	Reflector
Optical Diameter	114mm (4.5")
Focal Length; f/ratio	1,000mm; f/8.8
Mounting Type	Altazimuth, DS-2000 mount
Viewfinder	Red Dot with LNT
Tripod	Aluminum; full-length; adjustable with accessory tray
Eyepieces (1.25")	SP9.7mm, SP26mm
Software	AutoStar Suite™ Astronomy Edition PC-compatible DVD
UPC	7 09942 20366 0
Master Carton (Size/Weight)	37" x 18.1" x 11" / 27.6lbs.

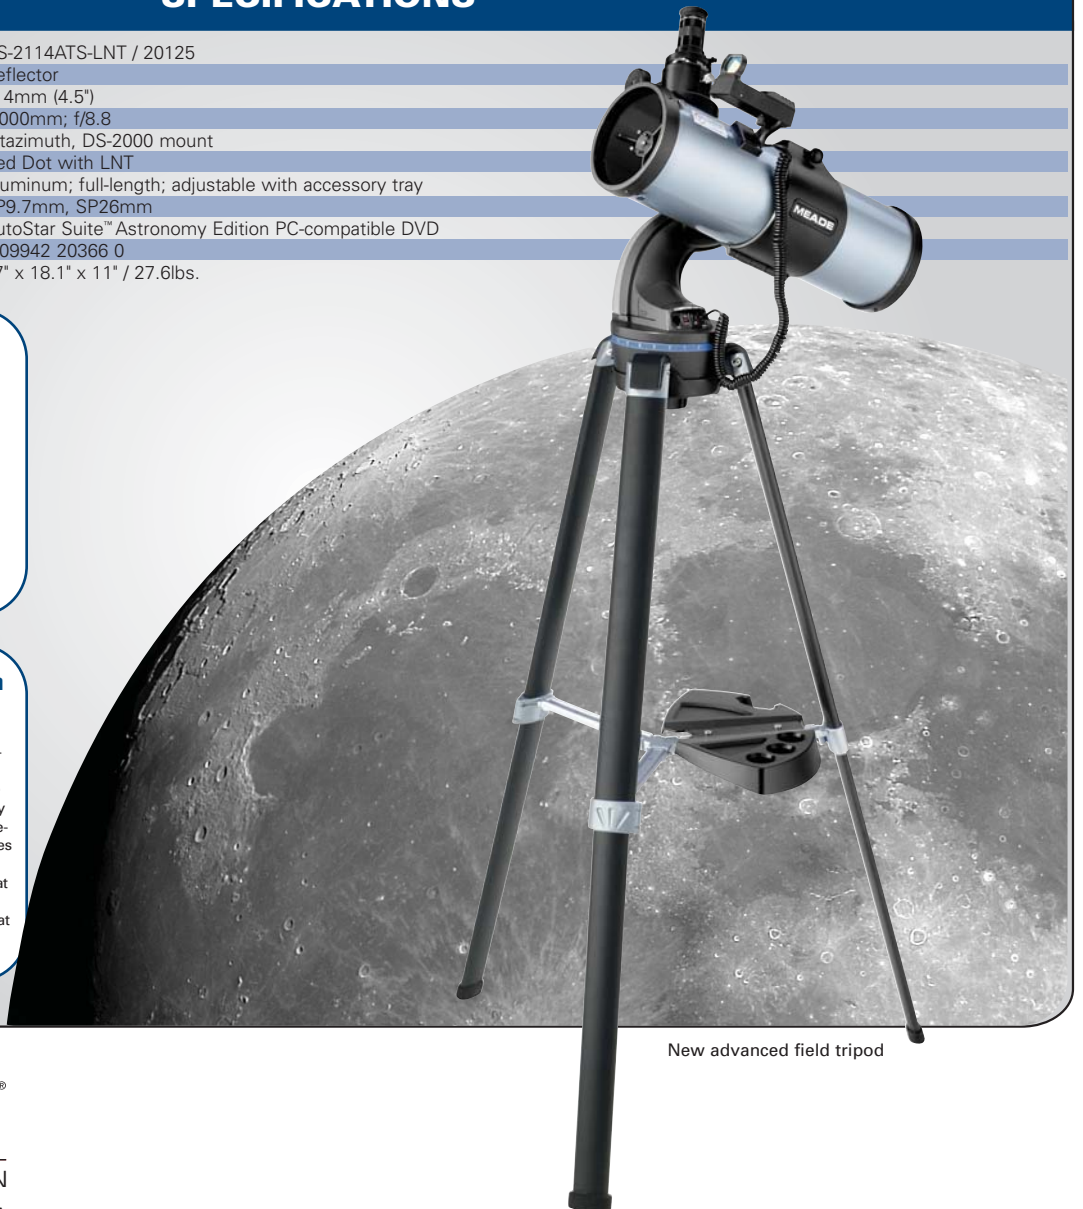

Meade® Premium Optics

Serious astronomers for years have flocked to Meade telescopes for their premium quality optical systems and patented technology. Consumers know that "Meade Optics Inside" means that what they see through our telescopes will be views that are detailed, crisp and full of contrast. Look through a Meade this evening and see what you've been missing.

More Power Than You'll Ever Need.

Any astronomer will tell you that light gathering—not power—is what matters. A small, crisp image is better than a large hazy one. Meade's 1.25" diameter Super Plössl eyepieces are premium 4-element oculars providing wider fields of view, allowing you to see more of the sky at greater magnifications. Additional eyepieces and other accessories for this telescope are available at www.meade.com/accessories

New advanced field tripod
